

2019 | **FamilyVoices Leadership Conference**
Families as Partners Shaping Systems Change

2019 Scholarship Request Form | Deadline March 15, 2019

Family Voices has a limited number of scholarships available for family leaders to attend the national Family Voices Leadership Conference who without financial aid would not be able to attend. Family Voices is particularly interested in supporting family leaders who bring a wide range of life experiences. Our goal is to help build strong diverse supportive communities in order to promote health equity and to improve healthcare services and policies for children. In making scholarship decisions, Family Voices will consider support for those family leaders who do not have the support from an organization and who meet the following criteria:

- Family member/leader from a US territory, or a diverse or underserved population
- New or emerging family leader recommended by the SAO, F2F or US territory family organization
- Family leaders from an FV SAO or US territory family organization without funding to support attendance

Scholarship funds are limited so please:

- indicate the specific expenses you are requesting scholarship funds to cover
- indicate those expenses that you or another funding source will provide

Name	Email
Address	Phone
	Organizational Affiliation
City, State Zip	Role
